

Solar power satellite factory in azerbaijan

Overview

The Azerbaijani authorities are teaming up with a solar cell and panels manufacturer from China's Sichuan province to build an export-focused PV module factory in a free economic zone near Baku. The government has mandated that 30% of the country's power come from renewable sources by 2030, marking a decisive shift from a. The document was signed by Valeh Alasgarov, Chairman of the Alat Free Economic Zone Authority, and Xie Yi, Founder and Chairman of Sichuan Sunsync Photovoltaic Technology Co. The decision follows talks between an Azerbaijani delegation led by Vice Premier Shahin Mustafayev in Chengdu, China. President. Masdar Renewables Sourcing FZE, part of Masdar, a global clean energy leader, has engaged Sinovoltaics, a global technical advisory firm specializing in solar PV quality assurance, to support module inspection and factory audit services for two of its utility-scale solar projects in Azerbaijan.
