

# Solar power system batteries in Azerbaijan

## Overview

---

Azerbaijan has begun installing large-scale Battery Energy Storage Systems (BESS) to support the dynamic development of renewable energy sources, EDnews reports, citing Azerenerji. The battery storage facilities, the largest of their kind in terms of capacity and power across the CIS, are being. Construction is underway on some of Central Asia's largest battery energy storage projects, while financing has been secured for what is described as the region's first integrated wind and storage facility.
