

The company mainly produces photovoltaic bracket equipment

Overview

Shielden is a professional factory manufacturer from China, specializing in the production of Strut Channels, Solar Brackets, EMT Conduit, BS Conduit, and related fittings. With years of industry experience, we have built a strong reputation for delivering high-quality, durable, and cost-effective. The company is located in Tianjin Iron and Steel Base Daqiuzhuang. The company is located in an industrial hub, adjacent to Beijing-Shanghai Expressway in the west, Jingtang Expressway in the south, 30 kilometers from Tianjin Outer Ring in the north and 50 kilometers from Tianjin Port. Also provides a detailed product description of the Solar Bracket, including product introduction, history, purpose, principle, characteristics, types. As an important part of the photovoltaic power station, the photovoltaic support bracket carries the main power generation body of the power station, which is known as the Cornerstone system of the photovoltaic power station. Solar brackets come in various types.
