

The proportion of Huawei s solar container communication station inverter facilities in China

Overview

“The Asia Pacific region (APAC), which includes China, India and Southeast Asia, accounted for 69% of all shipped capacity. China was responsible for more than half of all global demand, receiving 330 GW (AC) of shipments, a 14% increase over 2023,” Wood Mackenzie said. Chinese conglomerate Huawei was the world's largest inverter supplier in 2024, followed by Sungrow, Ginlong Solis, Growatt, and. China has invested over USD 50 billion in new PV supply capacity – ten times more than Europe – and created more than 300 000 manufacturing jobs across the solar PV value chain since 2011. Nine of the top 10 PV inverter suppliers are based in China. Huawei and Sungrow. HUAWEI FusionSolar advocates green power generation and reduces carbon emissions. It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids.
