

Ukrainian computer room uninterruptible power supply manufacturer

Overview

Since 2006, LogicPower products have been helping Ukrainians maintain a stable power supply for household and industrial equipment. The company develops, manufactures and supplies the most efficient equipment to Ukraine to overcome the energy crisis and achieve energy independence. The Ukrainian company produces different types of Uninterruptible Power Supplies (UPS) using its own. Uninterruptible power supplies (UPS) are designed to provide uninterrupted power supply for some time, they can become a backup source of electrical current when the main power system is turned off. Simply put, if the electricity is cut off at your home or office, the UPS will allow you to keep the. Almost all portable power stations that are currently sold on the Ukrainian market are manufactured in China and have inflated prices. 7 kWh and a power of up to 12 kW. Currently, we already have single-phase.
