Overview

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited. Adherence to these procedures is essential to maintain product integrity, ensure personnel safety, and comply with. This manual is for DMEGC solar PV module unloading instructions. To ensure the safety of unloading of PV modules, please read this manual carefully. Packing list pasted outside the box contains. Let's face it - customs paperwork isn't exactly a thrill ride, but getting your photovoltaic bracket export declaration right could mean the difference between smooth sailing and watching your solar components gather dust at some port warehouse.
