

# What happened to solar power

## Overview

---

On Ap, Complete Solaria announced its plan to rebrand as SunPower. Though they share the same brand name, the SunPower operating today is not the same SunPower that declared bankruptcy. This leaves the company's nearly 600,000 residential solar customers wondering, "What do I do now?"

" To put it simply, it's complicated. A lot is still up. SunPower has filed for Chapter 11 bankruptcy protection and plans to sell its assets. Why trust EnergySage?

So now what?

What should SunPower customers do now?

What about my SunPower service or maintenance warranty?

What if my system needs maintenance?

. A decade ago, someone knocking on your door to sell you solar panels would have been selling you solar panels. Now, they are probably selling you a financial product—likely a lease or a loan. Editor's Note: All information in the article below is accurate as of September 2024.
