

# What to use to charge outdoor power bank

## Overview

---

Most power banks charge through a USB connection — usually USB-C, micro-USB, or Lightning, depending on the model and the brand. Sound simple?

That's because it is!. Having a power bank with you can be extremely convenient, especially when you are away from a power outlet. However, in order to charge your devices on the go, your power bank itself has to be charged. Whether you're charging it for the first time or just want to avoid rookie mistakes, this guide has everything you need. In short, you need a power source, the right cable, and maybe a. A power bank is a portable battery pack that provides on-the-go charging for electronic devices. These handy gadgets come in various capacities, typically measured in milliampere-hours (mAh), which indicates how much charge they can hold.
