

Wind and solar complementary construction of 5G communication base stations in Estonia

Wind and solar complementary construction of 5G communication b

A WIND SOLAR COMPLEMENTARY COMMUNICATION

Can EMC communicate with a 5G network? However, the communication operator builds the BS to complement the 5G signal, and the establishment of a communication BS does not mean the ...

Collaborative optimization of distribution network and 5G base stations

In this paper, a distributed collaborative optimization approach is proposed for power distribution and communication networks with 5G base stations. Firstly, the model of 5G base ...
