

# Wind-resistant outdoor energy storage cabinet for construction sites

## Overview

---

Empower your off-grid projects and grid-support applications with a reliable outdoor battery storage cabinet from TOPBAND. Engineered for harsh climates and demanding workloads, our outdoor battery storage cabinet delivers scalable LiFePO<sub>4</sub> energy storage in a rugged IP54-rated. Individually configurable outdoor cabinets that provide optimum protection for battery systems against weather conditions, vandalism, and break-ins. Custom-made cabinets and enclosures are essential for projects that have specific requirements in terms of size, material, protection type. Featuring corrosion-resistant materials, advanced thermal management, and customizable designs, these NEMA-rated enclosures are perfect for energy storage, telecommunications, and industrial applications. Whether. Wenergy provides fully integrated, outdoor-rated ESS cabinets using LiFePO<sub>4</sub> technology with modular design and robust safety architecture. Scalable from Residential to Utility. In-house IoT EMS hardware and software provide cost-effective solutions for managing distributed energy.

## Wind-resistant outdoor energy storage cabinet for construction site

---

### Outdoor cabinets as energy storage enclosure

Our outdoor cabinets with lock/hinged doors are suitable for housing multiple battery racks. The interior is air-conditioned by a cooling unit that is mounted on the side wall or door leaf.
